Mums & Dads
The beer we use in some of our dishes will not cause your little ones any harm – the cooking process burns off all the alcohol making it safe. A pint of beer, however, may be a different story. Best to wait a few years.
NOTICE FROM THE KITCHEN

Some of our dishes do take longer to serve at their best, please make your server aware if you are in a hurry and they can advise which dishes will fit your timeframe.

In our opinion, if you are waiting to catch the ferry – pie may not be the best choice as there is approx. 14oz of loveliness per pie and does take a while to prepare.

We take allergies very seriously, please make your server aware of any dietary requirements or allergies before ordering your food. A full allergy matrix is available on request.

NUTS

Whilst we don’t add nuts to any dishes that aren’t specified, nuts are used in our kitchen and ingredients come from factories where nuts are milled, therefore we cannot guarantee our products are 100% nut free.

In some instances, we use alternatives to products stated due to availability from our suppliers.
